

Strengthen the Hand that Holds the Flag!

WE are at war for democracy and humanity. It is an All-American war and demands an All-American unity.

The morale of ALL our soldiers and sailors is strengthened by the knowledge that ALL at home are helping ALL at the front.

The soldier cannot stop after his first, second or third fight. We at home cannot stop giving with our first few contributions. Our soldiers must continue to fight—we must continue to give.

Nearly 40 per cent. of our soldiers and sailors are Catholics—three times the quota according to population.

The Knights of Columbus in our war camps are working shoulder to shoulder with the Y. M. C. A. Both have more than they can do.

"EVERYBODY WELCOME" cheerily blazons forth from the seventy-three war camp recreation buildings already being operated by the Knights of Columbus.

More are needed over here and "over there" with Pershing; \$10,000,000 must be raised at once.

Every soldier or sailor, regardless of his religious leanings, finds here a home and club where he may rest, read, converse and enjoy himself as he desires.

Let no Chattanooga fail in his duty.

Make up your mind today and say "I Will" subscribe to the War Camp Fund of the Knights of Columbus. A dollar bill—if that is all you can afford—is just as welcome as a \$100,000 check. Sign the "I Will" Coupon.
